

CREATION SCIENCE Prayer Requests for December 2017

Friday, December 1 - Pray for those that somehow interacted with the CSSI booth and/or other Christian vendors at the recent Canadian Western Agribition Show in Regina, that they would remember the encounter and be drawn (closer) to saving faith in the Creator and Redeemer.

Saturday, December 2 - Pray that much fruit would come from the work and research of ICR, CMI and AiG as they provide the tools most other organizations (such as CSSI) can use in reaching the world for Christ as Creator, Redeemer, and Lord.

Sunday, December 3 - In this busy Advent season, may we not be so busy with 'activities' that we will neglect the All-Important One whose birth we will soon again celebrate.

Monday, December 4 - Pray for **Sharon Foreman** (CSSI) and her family as they make plans for the next Creation Celebration.

Tuesday, December 5 - Again ask God to provide for every need that **Vance Nelson** has in order to carry out the Creation ministry He has given him to do.

Wednesday, December 6 - Pray for the *Alien Intrusion* movie being produced by CMI-USA. Pray that it will have a great impact as it is released through theaters across the USA.

Thursday, December 7 - Pray for CSABC director **Doug Wagner** that God will use him as he teaches his class on creation and other topics.

Friday, December 8 - Pray for Christian young people attending University, that they will remain true to the Creation/Christian message. Remember them through this exam season as well.

Saturday, December 9 - Ask God to give wisdom, as well as supplying the monetary needs, for ICR's large 'museum' building program currently under way.

Sunday, December 10 - Young people need a special measure of God's protection in today's world. Pray to that end for youth in your family and circle of influence.

Monday, December 11 - Ask God to direct the CRM workers as they plan outreach events for the new year.

Tuesday, December 12 - Pray for **Rudi Fast** (CSSI).

Wednesday, December 13 - Pray for the AiG Creation Museum in Kentucky and their special seasonal programming.

Thursday, December 14 - Pray for **Tina Bain** who looks after the resource center for CSAA.

Friday, December 15 - Ask God to give the CORE executive clear direction for the future, and then the personnel and resources to carry out those activities.

Saturday, December 16 - Ask God to bring in the support needed to continue and expand the UTT Bryce Homes orphan and widow support programs in several countries.

Sunday, December 17 - Ask God to direct and use **John Feakes** in his many contacts in his secular work, his pastorate, and the opportunities he has to speak on creation and different world views.

Monday, December 18 - Pray for Creation Celebration alumni as they have opportunities to give answers regarding the Bible and Science. Pray that they would have wisdom, understanding, and favor with those who are open to hear.

Tuesday, December 19 - Pray that many people will tune in to CHAB 800 each Tuesday at 9:30 P.M. to hear the "Science, Scripture, and Salvation" program sponsored by CSSI.

Wednesday, December 20 - Ask the Lord to bless **Ed Barber** as he becomes involved in the operation of CSABC.

Thursday, December 21 - Pray for **Don Hamm** (CSSI).

Friday, December 22 - Ask God to strengthen the Christians in Canada and in the whole world, so they can shine His light even in these difficult times. (CSAQ)

Saturday, December 23 - Pray for thankfulness among God's people as they realize how very blessed we are in Canada. Pray they will teach their children to have grateful hearts also.

Sunday, December 24 - Pray that many more churches would decide to use the free bulletin inserts downloadable from the Creation Moments website at <<http://www.creationmoments.com>>.

Monday, December 25 - CHRISTMAS DAY. This is most likely NOT the actual birth date of Jesus Christ but it still behooves us to pause and ponder the meaning of His miraculous birth and the significance of God actually becoming man for a time.

Tuesday, December 26 - BOXING DAY. Perhaps today you can actually relax for a few minutes and reflect on the importance of what God did in taking on human flesh and dying in our stead.

Wednesday, December 27 - Pray for Christian families that they would understand the need to devote time and resources to bringing up their children carefully in the fear of the Lord and the truth of scripture. In perilous and affluent times, money and endless activities can win over what matters most.

Thursday, December 28 - Pray for **Dennis Siemens** (CSSI).

Friday, December 29 - Pray for the ICR speakers as they prepare to share in various places in the new year.

Saturday, December 30 - Pray for all Creation organizations, as they try to discern and accomplish our Creator's will in this hectic and distraction-filled world.

Sunday, December 31 - As another year draws to a close, we are one year closer to our Lord's return. May we renew our efforts to **serve Him faithfully** as we anticipate this momentous event.

HAPPY NEW YEAR!
