

CREATION PRAYER REQUESTS for MARCH, 2017

Wednesday, March 1 - Pray that our judicial system will realize that the shifting sands of public opinion **cannot** provide a firm basis for a 'just system.' We need to follow the timeless, unchanging standards of our Creator God as revealed in His written Word.

Thursday, March 2 - Uphold **Don Hamm** (CSSI) and his family as they live out their lives for His glory.

Friday, March 3 - Ask God to guide CSAQ's Board as they plan their participation in two homeschooling conferences this spring.

Saturday, March 4 - There are many (sometimes smaller) creation groups in various countries around the world. Ask God to protect, bless, and use each of these for His purposes.

Sunday, March 5 - Pray God's wisdom on Sunday School teachers everywhere that they will be able to lay a solid creation foundation in the lives of those they teach.

Monday, March 6 - Pray that Christian Colleges and Seminaries will realize the grave dangers of teaching Spiritual Formation and other Emergent practices, and return to sound Biblical exposition.

Tuesday, March 7 - CRM needs more financial support for their radio and other outreach activities. Pray God will provide what they need through His people.

Wednesday, March 8 - Pray that DVDs in the CSABC lending library for members will be well used. Pray that the DVDs will bless and encourage the borrowers.

Thursday, March 9 - Pray for wisdom and strength for **Sharon** and **Bob Foreman** (CSSI), their family and friends, as they lead the Creation Celebration event this weekend.

Friday, March 10 - Pray that people attending the Creation Celebration will catch the vision, in a fresh way, of the opportunity and need of carefully educating and training their families in spiritual matters while they can. May the Scripture and the activities presented encourage them in the face of many distractions from these serious responsibilities. (CSSI)

Saturday, March 11 - Pray that Christians will storm heaven for a revival of Biblical truth in Canada, the USA & around the Globe; to be not only **believed**, but also **lived** out. Pray that Christians will be salt and light living God's truth in the spirit of His love.

Sunday, March 12 - Pray that your Pastor(s) and Church will be spared from the erroneous extra-biblical teachings being promoted by the 'Emergent' movement today.

Monday, March 13 - Pray that EYM will have an effective influence through their efforts in various offshore countries.

Tuesday, March 14 - Pray God's protection on everyone serving under the UTT Bryce homes programs for orphans and widows in a growing number of countries.

Wednesday, March 15 - Ask God to give much wisdom to the scientists at ICR who are doing original research within a Biblical worldview.

Thursday, March 16 - Thanksgiving should not just occur in October or November. Pause today and reflect on some of the many blessings you experience each day.

Friday, March 17 - ST. PATRICK'S DAY. Biblically speaking, every born-again believer is a 'Saint.' May we each endeavor to live our lives as faithfully as those 'officially' recognized as saints.

Saturday, March 18 - Steve Lockert (CSSI) says, "Pray that the Creation Science material that [I was able to share] with senior Biology students in Moose Jaw would have a real impact for the Lord in the lives of many young people."

Sunday, March 19 - Pray for CMI-C's 3 full-time Event Planners that they would be able to arrange events in many churches that have not yet had a creation speaker.

Monday, March 20 - Pray for good health and encouragement for **Paul Gosselin** (CSAQ).

Tuesday, March 21 - Pray that the CORE group will find more doors of opportunity for teaching and presenting creation truth.

Wednesday, March 22 - Pray for CSAA as they plan for the upcoming Home School Educators' Association conference in April in Red Deer. This is a very big undertaking which requires a lot of coordination, not the least of which is preparing a new catalogue for the current year.

Thursday, March 23 - Pray that the creation resources distributed by CRM will find fertile 'ground' in which

to produce spiritual fruit.

Friday, March 24 - Pray that the AiG website <<https://answersingenesis.org>> with its excellent creation articles will not only encourage believers but will also draw unbelievers to consider the claims of Christ.

Saturday, March 25 - The CSSI Board plans to meet in Kenaston today. Pray for a good turnout, for God's guidance, and unity of spirit for those gathering.

Sunday, March 26 - Pray for the many Christian camps to be held this summer including the CSSI Creation Family Camp, July 24-29.

Monday, March 27 - Pray God's anointing on the CMI speakers in Canada and several other countries. Pray, too, for their families (especially their wives) when they are away from their homes on speaking tours.

Tuesday, March 28 - Ask God to bless and guide **Dennis Siemens** as he develops new display banners for CSSI.

Wednesday, March 29 - Pray for continued health, strength, and wisdom for **Dr. & Mrs. Gary Parker** and **Mrs. Donna Chittick** as they continue in service to our great Creator God. (Dr. Donald Chittick passed away December 4, 2016, a great loss to the creation community.)

Thursday, March 30 - Pray for spiritual protection and financial support for **Vance Nelson** and his family as he writes and publishes more books in the 'Untold Secrets of Planet Earth' series.

Friday, March 31 - **Dr. Raymond Damadian** will be speaking in the Vancouver area this weekend sponsored by CSABC. Pray that many will attend and see that a "world-class" scientist can also be a believer.
