

CREATION SCIENCE Prayer requests for May 2017

- Monday, May 1** - Pray for renewal and revival for **Garry Miller** as he continues to serve his Saviour through CSSI and other avenues.
- Tuesday, May 2** - Pray for renewed vision and encouragement for the Citizens for Origins Research and Education (CORE) group in the Ottawa area and their President, **Ian Juby**.
- Wednesday, May 3** - Pray for strength and wisdom for **Dr. & Mrs. Gary Parker** as they continue their writing, speaking, and Creation Adventures Center ministries.
- Thursday, May 4** - Pray for **Daniel Arsenault** as he develops a new conference for CSAQ.
- Friday, May 5** - Pray for **Patrick Nurre** as he speaks tonight in Langley (BC) and at the CSABC AGM tomorrow night. Pray that the individuals of God's choice will be elected as officers at the AGM.
- Saturday, May 6** - Pray for CMI-C's 3 full-time Event Planners, that they would be able to arrange events in many churches that have not yet had a creation speaker, and in remote areas where ministries normally do not travel.
- Sunday, May 7** - Remember the many Christian camping programs being planned for the summer months. Pray that they will build their programs on a solid biblical creation foundation.
- Monday, May 8** - Please pray for the people in Inuvik, NT who received creation resources and were encouraged in their faith while **Alex Scharf** (CRM) lived among them.
- Tuesday, May 9** - Praise and thank the Lord that He continues to be longsuffering toward those for whom we pray, since He is not willing that any should perish, but that all should come to repentance.
- Wednesday, May 10** - Pray that God will give **Shirley Dahlgren** (CSSI) wisdom and boldness as she hands out Creation booklets.
- Thursday, May 11** - Christian teachers can have a difficult time teaching the secular curriculums when they know it is contrary to the Biblical worldview. Ask God to give them wisdom and boldness to teach in such a way as to help students question the unfounded secular assumptions of the evolutionary scenario.
- Friday, May 12** - Ask God to bless and use the expanding internet ministry of UTT for His glory and the salvation of needy souls.
- Saturday, May 13** - Pray for **James Gardner** and those working with him under Canopy Ministries, for protection, strength, and wisdom in serving the LORD.
- Sunday, May 14** - **MOTHER'S DAY**. Thank God for Godly mothers and pray that they would continue to be a strong influence in today's mostly Godless world.
- Monday, May 15** - Pray for the production, distribution, and effectiveness of CSAA's *Creation Science Dialogue* magazine.
- Tuesday, May 16** - Pray that the scientific research being done by Christian scientists at ICR will not only strengthen the faith of believers but will challenge the establishment's teachings as well.
- Wednesday, May 17** - Ask for strength, boldness, and wisdom for the (few) political leaders these days that are trying to maintain biblical ethics and standards in our 'secular' world.
- Thursday, May 18** - Ask God to encourage and protect **Calvin Erendson** (CSSI) in his Christian walk.
- Friday, May 19** - Pray that God will continue to give director **Denis Dreves** health and strength to continue his work of arranging speakers and venues for the public meetings of CSABC.
- Saturday, May 20** - Pray for **Laurence Tisdall**, who will be talking to teens and young adults at the Paradoxe project today. May the words spoken there bear good fruits in the hearts of these young people to build a solid and steadfast faith. (CSAQ)
- Sunday, May 21** - As many Vacation Bible School programs are being planned for this summer, pray that they will remain true to all of Scripture and be used to draw girls and boys to the Saviour.
- Monday, May 22** - **VICTORIA DAY**. Ask God to speak to and through our political leadership, even those such as our Queen whose role is largely symbolic.
- Tuesday, May 23** - Pray that creation groups around the world would not be hindered by worldly goals and practices, but would stay true to Biblical teachings.
- Wednesday, May 24** - Pray for CMI-C's *Youth Apologetics Boot Camp* in July - that students will be well

equipped to defend their faith in university through this joint ministry effort.

Thursday, May 25 - Rudi and Lee Fast (CSSI) ask for prayer for the people in their Sunday School classes. Sometimes people in their classes are well acquainted with the origins stand taken by the Biblical writers, but Sunday School lessons need to be carried over into weekday living as well.

Friday, May 26 - CSAQ will be in New Brunswick this weekend to reach out to the francophones over there. Please pray for the success of this project.

Saturday, May 27 - Thank God for the discernment ministry of Lighthouse Trails which is 'a voice crying in the wilderness' trying to warn the church and believers about the deceptions of our day. Pray especially for **David** and **Deborah Dombrowski** who have been called to this thankless but important ministry.

Sunday, May 28 - Pray that many churches that are looking for pulpit supply this summer will be open to using creation science materials and speakers.

Monday, May 29 - Pray for everyone involved with all the illegal immigrants coming into Canada near Emerson MB. Pray that Christians especially would understand what the will of the Lord is in regards to this ongoing concern. (CRM)

Tuesday, May 30 - The media (mistakenly) believes they are responsible to shape and control what we, the masses, think and believe. Pray that God will overrule in this regard.

Wednesday, May 31 - Pray God's strength and anointing on **Dr. G. Thomas Sharp** and those associated with him serving through the Creation Truth Foundation.
