

## **CREATION SCIENCE Prayer Requests for November 2017**

**Wednesday, November 1** - The Bible predicts that in the last days, wars and rumors of wars will increase dramatically. Is that a picture of our day? If so, pray that God's perfect plans and purposes will be accomplished through it all.

**Thursday, November 2** - Pray for strength, wisdom, and faithfulness for **Garry Miller** as he continues his service to God through CSSI.

**Friday, November 3** - Uphold **Dr. G. Thomas Sharp** and those serving with him under the Creation Truth Foundation ministry.

**Saturday, November 4** - Pray for **Jonathan Nicol** (CSAQ), who will be speaking in Drummondville, Québec, this weekend.

**Sunday, November 5** - Please continue to pray for guidance and protection of today's youth, as they are inundated from every aspect of our society with the false doctrine of naturalistic evolution.

**Monday, November 6** - World leaders desperately need God's wisdom and guidance today. Pray that many of them will **intentionally look** to the One who alone can meet this need.

**Tuesday, November 7** - Pray for all those in CSAA who are involved in the production and distribution of their *Dialogue* magazine.

**Wednesday, November 8** - Pray for additional workers and support for the outreach of CRM in Manitoba.

**Thursday, November 9** - Pray that families will start now (if they have not already done so) to prepare for the Creation Celebration to be held in North Battleford in the new year.

**Friday, November 10** - Pray for **Shirley Dahlgren** (CSSI) as she passes out Creation booklets and shares Creation with family and friends.

**Saturday, November 11** - **REMEMBRANCE DAY**. As we remember and thank those that have served and sacrificed for our earthly freedoms, let us not forget the One who paid for our freedom from sin and eternal punishment.

**Sunday, November 12** - Ask God to minister to the lives of those whose work schedules require them to work on Sundays even though they would prefer to spend time in God's House.

**Monday, November 13** - Pray for **Nathan Siemens** (CSSI 2<sup>nd</sup> vice-president).

**Tuesday, November 14** - Pray for the effective distribution and impact of the many excellent creation resources produced by ICR and its staff.

**Wednesday, November 15** - Pray for **Ian Juby** serving the Lord through CORE.

**Thursday, November 16** - Pray for CSABC vice-president, **David Kadylak**, as he takes over some of the president's responsibilities.

**Friday, November 17** - Remember in prayer **James Gardner** and the other creation speakers with Canopy Ministries.

**Saturday, November 18** - Thank God for the Creation Research Society (CRS) and the many scientists who are a part of it. Pray for the continuing production and usefulness of their *CRS Quarterly*, a creationist technical journal, and their other resource materials.

**Sunday, November 19** - Pray for peace in our world, particularly regarding the volatile political anarchy brewing in the USA and also the threat of another world war precipitated by North Korea or the Middle East.

**Monday, November 20** - Please be much in prayer this week for the workers who will be manning the CSSI booth at the Canadian Western Agribition. They need God's strength and wisdom to be a good witness there.

**Tuesday, November 21** - Pray God's blessing on **Calvin Erlendson's** involvement with CSSI.

**Wednesday, November 22** - Pray that AiG's *Answers* magazine will be an effective tool in the work of the Kingdom of God.

**Thursday, November 23** - Like most creation ministries, CSAA could really use some new, younger workers. Pray to that end.

**Friday, November 24** - CSAQ wants to produce French material for children. Pray that God will guide them in the realization of this project.

**Saturday, November 25** - Ask God the Holy Spirit to draw new listeners to the "Science, Scripture, and Salvation" radio programs sponsored by CRM in Manitoba.

**Sunday, November 26** - Pastors are entering a very busy season. Pray God's strength and anointing on each of them in these days.

**Monday, November 27** - May CMI's *Creation* magazine not only encourage many believers but be used to draw many not-yet-believers to consider the claim of Christ on their lives.

**Tuesday, November 28** - Pray for believers who recognize error in their churches, that they would have both discernment and kindness as they seek to help others, especially pastors, to adhere to scripture.

**Wednesday, November 29** - Pray for opportunities for **Steve Lockert** (CSSI) to share the wonders of creation with students and congregations in Saskatchewan, and especially in the Saskatoon area.

**Thursday, November 30** - Pray for older Christians that they will use their wisdom, time, and resources to make a difference in society, rather than amusing themselves. Pray they will see ministry opportunities regardless of their age.
